PLANNING UPDATE

Wernick Hire

Wernick Hire, (portacabin company opposite Euro Auctions, next to the A19) have applied to Selby District Council to move their entrance further north down the A19.

Kellington Parish Council is, in theory, in favour of moving the Wernick entrance; getting it further away from the Roall Lane/ A19 Junction.

However one concern we have is that the putting of the two traffic islands in this stretch of highway (paid for by Euro Auctions) has been a great success making the A19/Roall Lane junction safer.

As part of their proposal Wernicks want to move one of the traffic islands closer to the bus stop on the A19. The Parish Council is concerned that moving this traffic island could compromise highway safety.

Given that Euro Auctions are moving their entrance on Roall Lane much further down the lane perhaps Wernicks could look for a new entrance on Roall Lane itself? You can see the application on Selby District Council's planning portal using the reference number 2017/0664/FUL.

The officer dealing with the application is Sofia King;

Knottingley Power Gas Fired power station

ESB the Irish company who want to build this gas fired power station say that they are still on track to start next year.

For Kellington residents the main concern will be the gas pipe line that will connect the power station to the gas main near Gateforth. They hope this will be laid during summer/autumn 2018.

The pipeline will run about 250 metres from the village.

The Parish Council is committed to ensuring that NO pipeline traffic uses the Kellington road network, especially NOT Ings Lane.

For further information on these issues please contact John or Mary McCartney on 01977 662558.

DOG FOULING

There does continue to be a problem with people not picking up dog mess. We do appreciate that the majority of dog owners do clear up and it is a shame that a few people continue to disregard the law and make the village a dirty and dangerous place for our children.

We have also had several residents telling us about people not having their dog on a lead. Some people find this quite frightening especially if they have a dog with them which is on a lead. Please consider other people.

PARKING ON FOOTPATHS

There are a number of vehicles being parked on the footpaths around the village. Please consider pushchair and wheelchair users who have told us they sometimes have to walk on the road to get past. It is also illegal to park on the footpath.

PARISH COUNCIL MEETINGS

The meetings of the Parish Council are held on the first Wednesday of every month (except August) at 7.15 pm in the village hall.
