

Appendix 2

FEEDBACK FROM THE MANOR GARTH, KELLINGTON, ESTATE WALK

Many residents took the opportunity to have their say- raising a wide variety of issues and problems with Selby District Council, the Police and North Yorkshire Highways.

The specific “TO DO LIST” that the officials went away with includes:

Look at providing “Resident only” parking on the area in front of numbers 30a/b 32a/b 34, 36 and 38

Land to the rear of Manor Garth, behind numbers 34 to 54a/b and then all the way to the play area; cut back at the rear of resident’s fences and clear the Public Right of Way back to a yard wide, and around the litter/dog waste bin.

Remove the old chain fencing in the ginnel between numbers 48 and 50, and spray back the weeds.

Request that North Yorkshire street lighting keep the light on post number 7 on all night.

Spray and cut back the garage area accessed between 7 and 9a/b - provide a new street light in this garage area (this is a busy walk though for residents and it needs lighting at night, Let Cllr. Mary McCartney know about empty garages (including rents) so that we can advertise their availability locally.. Cut back the large conifers between the garages and the grassed area on Main Street.
